*Left:* The living room of the late designer Gabriella Crespi has an antique bureau adorned with ancient pottery and her Lune lamp. Her Eclipse table, in red lacquer and polished steel, holds her bronze sculpture of turtles and her Sphere of the 8 Moons.

*Right:* Crespi's patio hosts a Rising Sun armchair, one of her bronze antelopes and a mimosa tree.

Milan penthouse of the late designer Gabriella Crespi: A brass bar displays a photo of Sri Babaji, a wood sculpture and Crespi's bronze penguin with a belly made of an ostrich egg.
